

INTRODUCTION TO ENVIRONMENTAL MANAGEMENT SYSTEMS (ISO 14001)

BMT Cordah Limited

Introduction

Organisations are under continued pressure to improve their environmental performance. To manage this improvement process, many organisations are implementing environmental management systems (EMS).

Who Should Attend

Any individual who requires a general understanding of EMS and the main features and requirements of ISO 14001.

Aims and Objectives

This 1-day course aims to provide attendees with an overview of environmental management systems (EMS), in particular ISO 14001.

As a result of attending, participants will gain an appreciation of the principles of EMS and the key components of ISO 14001.

Content

The course content includes:

- What is an EMS
- The benefits of EMS
- EMS requirements
- Key components of the ISO 14001:2004 Standard
- Implementation principles

Course Dates

7 February – Aberdeen
4 April – Inverness
6 June - Glasgow

The course can be held at other locations given sufficient demand.

Enquiries for in-house courses are welcomed.

Fees/Enquiries/Registration

The course fee is £250 + VAT.
